To whom it may concern,

Hereby FFT Production Systems is recommending the service provided by company AIUT Inc., who has been a business partner for FFT since 2018, working in several production line projects in the automotive industry/body in white.

During the last years AIUT was responsible for different operations, especially in the area of commissioning incl. virtual commissioning, PLC- and Robot-Programming, but also in other specialization such as hardware design, creation and maintenance of software-standards. AIUT has been a key partner for FFT's success in several projects due to the quality and efficiency of personnel provided, who is familiarized with FFT's and customers procedures and methodologies.

Some of the most relevant projects in which AIUT has successfully supported FFT are:

- 2018 BMW Spartanburg (Metal Finish, G05 15JPH)
- 2019 BMW Spartanburg (Framing Lines, G01 G02)

We are pleased to continue working with AIUT Inc. and we highly recommend the company. Please do not hesitate to contact us in case of any inquiries.
