

Certificate PL20/1191

The management system of

AIUT Sp. z o.o.

SGS

ul. Wyczółkowskiego 113, 44-109 Gliwice, PL

has been assessed and certified as meeting the requirements of

ISO 45001:2018

For the following activities

Design, implementation, supply, commissioning and maintenance of control, automation and robotics systems for production and intralogistics for various industries. Integration of complex systems based on competences in several fields: mechanical engineering, electrical engineering, automation, robotics and IT solutions. Design, development, production and commissioning of: machines for industry, autonomous mobile robots, autonomous vehicles. Design, development, production and commissioning of IoT (Internet of Things) solutions for: industrial environment, smart metering (including critical resources like water), general smart city applications. Design, development, production and commissioning of IT systems: production management (including MRP – Material Requirements Planning), resources management (EAM – Enterprise Assets Management), knowledge based decision support systems (DSS).

This certificate is valid from 14 August 2024 until 07 August 2027 and remains valid subject to satisfactory surveillance audits.

Issue 3. Certified since 20 January 2020

Certified activities performed by additional sites are listed on subsequent pages.
